B Solit

CERES NOP certificates, see https://organic.ams.usda.gov/integrity/. To assure traceability, we recommend trade partners to request from CERES transaction certificates for each shipment of organic

Note that this certificate applies only to the organic mode of production and not to any other aspect of food quality. CERES authorises the above-mentioned operator to use the CERES seal on the organic products specified above. The CERES Seal is property of CERES GmbH, Happurg, Germany. The USDA seal may not be used on products "made with organic ingredients".

CERES is accredited by the US Department of Agriculture (USDA) (see www.ams.usda.gov/nop)

The USDA National Organic Program is responsible for setting regulations for organic produce produced in the United States or imported for sale in the country. Regulations require that products be grown and processed without the use of toxic and synthetic pesticides and fertilizers, genetic engineering, antibiotics, synthetic growth hormones, artificial flavors, colors, preservatives, sewage sludge, and irradiation.

Eu Organic product certification is the standard certification of organic products developed by EU member states, which will be recognized in major international markets. The stringent quality assessment and certification process of the EU Organic Certification body makes any product bearing the EU certification mark a guarantee of high quality and high credibility, recognized and respected by the pursuit of environmentally friendly organic people around the world.
